

January Newsletter

PC: Sandy Coghill

Telephone Cooperative, Inc

We would like to officially announce that our Internet Customers will no longer have data caps on their monthly usage. This has taken place in our KING SALMON, NAKNEK, SOUTH NAKNEK, and LEVELOCK service areas.

As our USDA project progresses we will be able to offer Ekwok, New Stuyahok, Koliganek, and Igiugig the same internet plans as our Naknek River District.

We have also included our 2023 CPNI policy form. Please update and return to our office.

PC: Graham Morrison

Cellular Partnership

Bristol Bay Cellular Partnership has begun testing the new 4G/5G cellular radios. We expected Scheduled completion for mid May 2023. We are working with AT&T for both inbound and outbound roaming.

*Happy
New Year*

Dial Before you Dig

If you are planning on digging or doing any construction please call us for a free locate. We require a 2 day notice to locate before you start your digging project.
