

# November Newsletter

## Telephone Cooperative, Inc

- We want to thank everyone that participated in our annual cooperative membership meetings. It was great seeing everyone!
- Congratulations to our 2023 Directory Cover winners; Elise Adams and Diane Seitz. Their photos will be used for front and back cover on our 2024 directory.
- We ask that if you have a trouble on your line, please let us know!
- Reminder, BBTC DSL service has no data caps or overage fees where we have terrestrial fiber access including Naknek, King Salmon, Levelock and Igiugig. We are working to eliminate Ekwok, New Stuyahok and Koliganek data caps and we will keep you posted.
- Our USDA Reconnect Grant is still moving along. We are looking forward to the new fiber communications network.

## Cellular Partnership

- Bristol Bay Cellular Partnerships newly installed 4G LTE cell system had completed post build testing and optimization in early September. We want to hear from our customers as to how our system is working. If there are areas that may need attention to improve coverage and data throughout, please let us know.

### **A couple reminders about the new BBCP 4G LTE cell service:**

- Same technology in all service areas, you only need 1 phone.
- Text messages and pictures “SMS and MMS” works great.
- Travelers will enjoy the best roaming coverage out of state. We roam with two leading national carriers .
- International roaming available.
- Intra and Inter state long distance costs included in basic plan.
- Voice service has excellent quality.
- Reliable high speed data.
- BBCP has the best infrastructure and coverage in Bristol Bay.

**Update: \*\*Bay Cable has changed their name to Alaska WebNet\*\***
