

# BBTC APRIL NEWSLETTER

ISSUE NO 1 | APRIL 2022 | VOLUME 4

## BBTC DIA PROJECT

The Bristol Bay Telephone Cooperative DIA “Direct Internet Access” microwave construction has completed last month, our new 8’ diameter dishes are ready to get to work. Network equipment installation and setup completed last week. Preparations for testing the new system are in progress and scheduled to begin within two weeks. The optimization of this new transport should complete before the end of April.

BBTC will be publishing new internet plans to our membership and then begin the service & plan upgrades shortly after!

---

## NEW HOME or OFFICE CONSTRUCTION

---

Construction Season is right around the corner  
“CALL 907-246-3403 BEFORE YOU DIG”  
(BBTC and BCI Cables only)

We require a two-day notice to locate before you start digging

Call the BBTC office in advance for service and line extension requests.

Also remember to run inside wiring for phone when you run power!
