

July Newsletter

Telephone Cooperative, Inc

- During the last couple weeks, BBTC has experienced a dramatic increase in copyright infringement, brought to our attention by the owners of Exclusive Intellectual Property. Hollywood will never give away anything, especially movies. ALL IP addresses that download movies from websites illegally are being tracked. There can be severe penalties, starting with suspension of service. If illegal downloading persists, permanent termination of your internet could be implemented. Please be careful and remember to use caution if visiting a questionable website.
- We are close to completing the environmental process for the USDA Reconnect Project. BBTC has initiated right of way and permitting already. We will continue to keep our Cooperative members up to date on this project.

Cellular Partnership

- We are halfway through our cellular system build. If you experience a call quality issue, please call our office so that we may notify our Engineering Department to investigate.

Announcements

BBTC and BBCP would like you to join us for our annual BBQ/ Customer Appreciation Event July 21 @ Noon. We hope to see you there!

**Monthly Board Meeting
Tuesday, July 11th @ 6pm**
